

P F Olsen and Company – Client Handout

FSC™ Group Scheme Fees.

As at: 01 June 2009

Purpose The following guide lays out some examples of charges that would apply under the P F Olsen and Company Group Scheme. The charge structure is designed to recognise differences in scale of operations and costs of service provision to Group members. For an accurate estimate, discuss your plans and forest characteristics with your nearest Olsens Branch Managers. They can then establish the fee structure applicable to you. All costs below are GST exclusive.

Resource or Group Scheme Member You need to establish whether you will be doing the forest management and harvesting management (then you are a Group Scheme Member) OR whether you will get Olsens to do that for you (then you are a Resource Member)

Start up costs

- ❑ Application processing – Cost \$500 irrespective of membership type.
- ❑ First Audit & confirmation of acceptance to scheme - Cost \$1500 Resource Member - \$2500 Group Scheme Member.
