

Safe Start Up – 2010

Would you support a ‘logger sport’ day?

We are planning to stage our next Central North Island
‘Safe Start Up Event’ on the 11th of January 2010.

PF Olsen is currently looking at venues, menus, and other items to make the event interesting and worthwhile. We are also considering running a ‘logger sport’ event on the previous afternoon (Sunday 10th) including – wajax competitions, wood-chopping, chainsaw carving, chainsaw races etc. The Sunday event will be open to staff, contractors and their families – there will be refreshments and spot prizes.

That Sunday, we will run a ‘Safe Operator’ competition. Contestants enter wearing full P.P.E. (inspected by Protector Safety) and present their chainsaw for inspection and a rating (by STIHL). The best contestants will receive prizes for their efforts.

Circle your selections:

I would attend the Sunday afternoon Yes No Number attending: _____

I would be interested in: helping with organising running or staging

wajax competitions wood-chopping chainsaw carving chainsaw races other: _____
